# Move anything anywhere, anytime

Versatile, flexible, cost effective  
Customised Cargo Solutions

Hello Tomorrow

Hello Tomorrow

# Say hello to convenience

Imagine having your own fleet of freighters. Ready to take your urgent, confidential, oversized or oddly shaped cargo anywhere in the world, at a moment's notice. Whether it's a racehorse, spares for a grounded aircraft, humanitarian aid or oil equipment: time and reliability count. So count on us. Our fleet, our people, our state-of-the-art tracking and ordering systems are dedicated to your needs. Say hello to the convenience of your own fleet, without the overhead.

# A world of possibilities

From race cars to heavy industrial machinery, we move the things others can't

If it's unusual, we can take it in our stride. If it's urgent, we can fly like the wind. If it's highly sensitive, we can keep it confidential and handle freight securely.

When you choose an Emirates SkyCargo Customised Solution, you choose a level of service, security and commitment that is unmatched.

Our wide-bodied, state-of-the-art, economical and eco friendly freighters – part of one of the youngest fleets in the world – are on standby for cargo that is too precious, too urgent or too large for a standard cargo service.

From stage equipment in the United States, to flowers from Holland. A Formula 1 team, to heavy machinery from Europe. From Africa's produce, to oil well equipment.

Our highly-qualified staff, fully automated Cargo Mega Terminal in Dubai and industry-leading computer systems are ready to move the things that move your business.

Choose where in the world you need it to be. The destination can be off the beaten track, or a major metropolis.

When you charter with Emirates SkyCargo, peace of mind is yours.

# Moving the things that move your world

Customised Cargo Solutions  
for every need

Imagine, an urgently required ship spare part is needed to maintain the integrity of your supply chain. Or you need an entire racing team to fly halfway around the world for a motorsport championship in record time. Or maybe you need to fly an entire orchestra to perform in a concert thousands of miles away.

## Personalised Solutions

Whatever your charter requirements, we're at your service, turning today's diverse challenges into tomorrow's triumphs.

We help you view the future with confidence. Our robust working relationships with leading regulators enable us to deliver your cargo to any airport in the world in a timely and cost effective manner. And thanks to our dedicated freighter aircraft and state-of-the-art Cargo Mega Terminal (CMT), we're fully equipped to address any logistical test you face.

If you'd like to find out how we can help solve your charter challenges, please contact our specialised team to hear more about how we can meet your delivery needs of tomorrow.

## Customer partnership solution

Through a thorough understanding of your logistics and supply chain needs, we offer Customised Cargo Solutions aimed at increasing efficiency, reliability, quality of global transportation and distribution of commodities of all kind.

This is a custom-made solution developed in close cooperation through a tri-partite contract between the cargo agent, Emirates SkyCargo and the end customer, while designed by understanding the needs and just-in-time requirements of end and intermediate customers.

Combining the various elements from Products, Special Services and Solutions, we meet any demand in the many different industries we serve.

# The solution you need, service you can trust

Versatile, flexible and ready  
to move whenever you are

There are all kinds of reasons for requiring a Charter Solution. Whatever your particular need, we have no doubt dealt successfully with it before. Talk to us and we will find the solution you need.

**Charter solutions are ideal for:**

- ◆ Large, oversize or oddly shaped cargo
- ◆ Destinations not covered by scheduled carriers
- ◆ Remote locations
- ◆ Time critical deliveries
- ◆ Space not available on a scheduled flight
- ◆ Special cargo such as live animals or valuables

- ◆ When it has to be confidential
- ◆ Grounded aircraft requiring crew, spares, engineers and equipment
- ◆ Oil well and gas equipment
- ◆ Urgent automotive parts
- ◆ Humanitarian aid and relief
- ◆ Military equipment and personnel
- ◆ High value cargo

Our empowered and committed staff are waiting to talk to you about your cargo and logistics needs.

# Connecting the world

Move your business further and faster across six continents by air and road

## Middle East Network

## Route Map

July 2013

- Passenger Routes
- Freighter Routes
- Passenger & Freighter Routes
- Proposed New Destination

Wherever our customers need us is where we go. Through our global network, you can access destinations across six continents. Yet it's about a lot more than simply moving freight by air; it's about reaching all four corners of the globe quickly and efficiently.

From India's floriculture farms to China's manufacturing metropolises. Australia's outback mining townships to France's southern vineyards. No matter where in the world you do business, chances are our integrated air and regional road distribution network can reach you.

With a road feeder service operating across the Gulf, Europe, Australia, India, South Africa, China and the Americas, we provide you with a wider network of regional offline points.

The best part is you're ensured the same high standard of care, reliability and attention to detail from the moment your consignment leaves your hands and right through to its final destination.

A large, modern cargo terminal building at night, illuminated by warm lights. The building has a glass facade on the upper floors and a large white section with the 'Emirates SkyCargo' logo. In the foreground, a white Emirates SkyCargo cargo truck is moving, creating a motion blur effect. The sky is dark blue.

# Welcome to our Cargo Mega Terminal

One of the world's  
largest logistics hubs

Working around the clock, our hub is always on, no matter when your business takes off.

One central hub in the heart of one of the world's most convenient locations, our Cargo Mega Terminal (CMT) in Dubai can handle more cargo to more destinations faster and more efficiently. No wonder the CMT has become the new benchmark in air transport logistics hubs.

Fully automated and designed from the ground up with state-of-the-art handling and tracking systems, the CMT can handle over 1.2 million tonnes of cargo per year.

Whether it's live animals or temperature sensitive goods, our noise protected areas and independently-controlled temperature and lighting zones can meet any critical requirement.

# Service you can depend on

Personal. Professional. Proactive

It all starts with a simple hello. In your own language. With an understanding of your local customs and your way of doing business. We believe our people give us the edge and we're fortunate to attract the very best talent from around the world at each point of our network.

You can rest easy knowing only the most highly-qualified people are working with you at each step of the transportation chain. We set the bar high – with performance monitoring and on-going training development programs that ensure we get better every day, to help you realise all the potential your business has to offer.
