

The protection
your cargo
deserves

Hello Tomorrow

Emirates
SkyCargo

A man and a woman are looking at a necklace in a display case. The man is pointing at the necklace. The woman is looking at the necklace. They are both smiling. The background is a jewelry store with other display cases.

Protect: For valuable and vulnerable items

Valuable and Vulnerable

Valuable items are often priceless, irreplaceable or of sentimental value. Vulnerable goods may not be so highly treasured but by their very nature still require extra protection from damage. That's why we introduced two specialised products: Protect Premium and Protect Basic. They promise safe delivery of your cargo, while tamper-proof storage areas, constant surveillance and highly trained personnel ensure total security.

Simply choose the option that best suits your requirements.

Protect Premium: Ideal for valuable goods such as works of art, design pieces, bullion, diamonds and other precious stones, gold coins, jewellery.

Protect Basic: Perfect for goods that can be easily damaged, for example mobile phones, cameras, medical and optical equipment, glassware, china.

A man and a woman are shown in profile, looking towards the right. The man is wearing glasses and a blue shirt, and the woman is wearing a red top. They are looking at a large, abstract painting with blue and white tones. The background is a bright, out-of-focus interior space.

Protect Premium - supreme protection for precious items

Moving priceless paintings from the Tate Modern in London to the Guggenheim in the UAE? Delivering diamonds from Kimberley in South Africa to a store in Brussels? When customers trust you, trust Emirates SkyCargo. Our years of experience mean you can depend on us to safely and securely transport delicate items and goods of substantial value. They will be placed under specific security measures in accordance with local regulations and conditions, so you won't have to worry – we'll do that for you.

Ultimate protection for total reassurance

From sculptures, architectural designs, to family heirlooms, or any high value item that requires secured transportation from acceptance to delivery.

Peace of mind is achieved thanks to:

- Tamper-proof storage in secured area
- Camera surveillance monitoring
- Transported using SkyBox, or solid-door LD-3 container
- Special monitoring from Acceptance to Delivery
- Status update via email or SMS
- Complete confidentiality
- Handling and accompanying by qualified security personnel*

* Subject to local infrastructure at origins and destinations

A security guard wearing a yellow high-visibility vest and a white shirt is using a handheld scanner to check a red Skybox container. The container is a large, red, rectangular box with a barcode and the Skybox logo. The background is a warehouse or storage area with various items and equipment.

Special Equipment

Our pioneering theft-proof design safety boxes offer the best possible security. Valuable items such as works of art, antiques and jewellery, also fragile goods such as mobile phones, microchips and pharmaceuticals, are optimally protected against pilfering and adverse weather conditions. CTC certified, our safety boxes guarantee secure door-to-door delivery every time.

Our range of safety boxes include ;

- XYP (VAL Box-Big)
- XYS (VAL Box-Small)
- Skybox
- LD-3 metal door container

Upon request, highly trained security staff will be available to personally accompany your goods and ensure safe passage to your desired destination.

A photograph of two men in business attire sitting at a desk. The man on the left is holding a pen and pointing at a document. The man on the right is wearing glasses and looking at the document. There is a glass of water and some papers on the desk. The background is a bright window.

Service you can't put a price on

Emirates SkyCargo means excellent service in any language. Including yours. We make a point of learning to understand local customs, traditions and your way of doing business. We also insist on introducing highly professional, fully motivated staff into our family. Attracting the finest talent from across the globe helps to give us – and you – the edge in business.

You can rest easy knowing only the most highly qualified people are working with you at each step of the supply chain. We set the bar high, with performance monitoring

and on-going training and development programmes. It's a level of service that ensures your precious items get to where they should be, in good time.

Protect Basic - exceptional protection for fragile goods

Transporting vulnerable goods requires particular attention. And with years of specialised experience, you can trust us to transport and distribute your vulnerable cargo, wherever in the world you need it to be. We ensure the highest levels of protection and secured handling, from pick-up to delivery. Thanks to high tech monitoring and surveillance of secure storage areas, your valuable items will always be looked after.

Vulnerables will be in safe hands:

From PCs, notebooks, sports guns, works of art, design pieces, electronics to technological items, Protect Basic protects.

We do the worrying, with:

- Tamper-proof storage with camera surveillance
- Special monitoring from Acceptance to Delivery
- Status update via email or SMS
- SkyBox option
- Security escort option
- Complete confidentiality guaranteed

Move items faster and more efficiently

At the crossroads of Europe, Africa and Asia, Emirates SkyCentral (DWC) and Cargo Mega Terminal (CMT) our world-leading hubs, are perfectly placed to facilitate the movement of your cargo around the world quickly and efficiently.

Emirates SkyCargo has one of the youngest wide-bodied fleets in the business - and we're continually expanding. Scheduled freighter services now operate to more than 50 destinations in over 40 countries. Our comprehensive network allows you to transport goods promptly and safely across six continents to more than 140 destinations worldwide.

Welcome to ultra-modern, world-class facilities

Strategically located between East and West, our latest facility Emirates SkyCentral (DWC), home to the Emirates SkyCargo freighter fleet, and the Cargo Mega Terminal (DXB) are truly world class.

Ultra-modern and fully automated, the facilities provide a combined handling capacity of over two million tonnes per year. Dedicated road feeder services link the two facilities, and being within close proximity to the Jebel Free Port area, sea/air connections are fast and seamless.

With state-of-the-art material handling equipment for valuables, vulnerables, general cargo, Cool Chain facilities (perishables and pharmaceutical), direct airside access and unlimited landing and take off slots – your business benefits from our exceptional capacity and industry-leading efficiency.
