Introducing Emirates SkyPharma

The world's first and largest GDP certified multi-airport hub.

Dedicated to pharma transportation

Emirates SkyPharma at Dubai International Airport (DXB), our new purpose-built facility with GDP certification by Bureau Veritas, offers best in class solutions for the timely and secure transport of temperature-sensitive pharma shipments.

Combined with our facilities at Al Maktoum International Airport (DWC), Emirates SkyPharma is now the largest GDP certified* multi-airport hub in the world.

3 innovative products for all types of pharma

Emirates SkyPharma Standard for general and every day pharmaceuticals.

Emirates SkyPharma Advanced ideal for products in passive packaging that can withstand minor temperature fluctuations during handling and transportation.

Emirates SkyPharma Premium ideal for high value pharmaceuticals that are extremely temperature and time sensitive, and need to be transported in active containers.

STANDARD (AXS)	THERMAL BLANKET 	QUICK RAMP TRANSPORTATION** 	TEMPERATURE CONTROLLED STORAGE 
ADVANCED (AXD)	COOL DOLLY <small>USED FOR PHARMAC TRANSPORTATION</small> 	PRIORITISED GROUND HANDLING 	TEMPERATURE CONTROLLED STORAGE 
PREMIUM (AXC)	ACTIVE CONTAINERS 	PRIORITISED GROUND HANDLING 	TEMPERATURE CONTROLLED STORAGE 

*By Bureau Veritas

**Also applies to ADVANCED and PREMIUM

GDP certified by Bureau Veritas

With certification from the EU based Bureau Veritas, Emirates SkyPharma adheres to the most stringent guidelines and best practices for the transportation of all types of pharmaceuticals to ensure 100% product integrity throughout the journey.

- Temperature controlled environments to avoid any temperature fluctuation
- Segregated environments to avoid cross-contamination
- Highly secured operations
- Skilled technical staff to ensure adherence to every procedure at every step

Comprehensive reach and quick turnaround

Goods like pharmaceuticals that are temperature and time sensitive, and require a robust distribution network and quick delivery times, can rely on Emirates SkyPharma.

- Comprehensive global network covering over 150 destinations
- Youngest wide-bodied fleet in the air
- More than 250 flights departing from Dubai every 24 hours
- 12 dedicated reefer trucks operating 24/7 between the two Emirates SkyPharma hubs at Dubai International Airport and Al Maktoum International Airport
